

Rar Zar Min Khant

FULL-STACK WEB DEV

ABOUT

I am trying to become a professional web developer. I am more interested in backend field especially Laravel. I usually craft front-end with HTML, CSS, JavaScript, jQuery, Bootstrap, Tailwind, Vuejs, Reactjs and I build backend using PHP, Laravel RESTful API. Now I am learning MERN-stack to improve my web development and I am also learning Flutter for mobile app development.

Api, MySQL, Git & Github ★★★★★

English skill ★★★★★

MY CV FORM

WORK EXPERIENCE

At May-2023, I contributed as a Laravel Vue.js developer, spearheading the development of www.creativecodermm.com. In this role, I not only refined my coding prowess but also garnered extensive experience in collaborative workflows and adeptly utilized project management tools like Git, Github, Jira, Trello, Notion, and Slack. Furthermore, I acquired proficiency in implementing Cypress test cases and mastered the nuances of deploying applications to staging servers. I am proud to have contributed to the development of the Creative Coder Myanmar Learning Platform.

EDUCATION

Government Technical Institute(Kyaiklat)

I finished my matriculation exam in 2019 and The highest university that I attended was Government Technical Institute(Kyaiklat). In 2020, I took a break from university due to COVID-19, and I have remained on break until now.

MY STARTUP PLATFORM

LEARN ROUTER(Educational Platform)

I established Learn Router on September 30, 2023, as an online learning platform dedicated to offering a wide array of computer-related subjects, both foreign and domestic. Beyond traditional coursework, Learn Router serves as an educational hub, providing access to valuable resources, free books, and curated YouTube channels, enabling young learners to enrich their knowledge at no cost. Additionally, I personally lead IT-focused courses on the platform. Explore our offerings and embark on your learning journey at www.learnroutermm.com
